---

## OUR SCHOOL VISION

---

*"We create a safe and friendly learning environment where children thrive and succeed."*

*growing through learning  
active bodies, healthy minds*

## Our purpose

In partnership with students, their parents/carers and the local community we share expectations and responsibility for behaviour.

Positive interpersonal relationships are seen as the major influence on maintaining expected behaviour (good standing).

## Good standing is retained when students exhibit:

- Behaviours aligned with our school's beliefs and values as outlined in this plan;
- Positive interpersonal skills are evident; and
- Mutual respect and inclusion ensures cultural responsiveness and receptiveness.
- Behaviours that contribute positively to the culture of care that supports all individuals in the school community.

## Our beliefs and values:

1. We enact the *Western Australian Values of Schooling* (see the Business Plan 2018-2020 page 2). We promote sixteen virtues to reflect our commitment to the Western Australian Values of Schooling.
2. We acknowledge that all students have a right to an education that is equitable and embraces diversity. The right is enshrined in the United Nations Conventions on the Rights of the Child.
3. We ensure that student access to the high quality education that is their right is not altered by differences in terms of characteristics such as ethnicity, language (Linguistic background), culture, gender, socioeconomic status, disability, sexual orientation or geographic location.
4. We enact procedural fairness and use restorative practice.
5. We recognise the special considerations that are characteristic of a small school population. All members of the school community are responsible for promoting a culture of care and promoting positive interpersonal relationships.
