Vision Statement: At Karridale Primary School, in partnership with the whole school community, we aim to provide an inclusive education for all students, in a safe, caring and interesting environment so that students can become adaptable and participating members of the community.

Defibrillator Now Located At Our School

St John Ambulance has delivered a defibrillator and this is now housed at our school.

The defibrillator is currently in the Admin building and you will see it (the Red Box with a heart on top) on the table as soon as you walk in the door.

St John will be providing the school with a cabinet in the near future. The cabinet will be attached to the school building in a location that is easily accessible by the public and the Heartstart Defibrillator will be housed in this cabinet.

Next Term in week two, on Thursday 10 May at 3.15pm, a short training session has been organised. This will give staff and any interested community members an opportunity

to see how the Defibrillator is used and to ask any questions they may have.

Reducing the time it takes to locate an Automated External Defibrillator (AED) is key. If an AED is applied to a sudden cardiac arrest victim within the first minute of collapse, their chance of survival is 90%. For every minute that passes, their chance of survival drops 10%, leaving a 10 minute 'window of opportunity'.

We encourage parents and community members to attend this session as the more people who know about the defibrillator, where to access and how to use it...the better.

Feel free to contact the school for if you have any queries, or just come along on the day!

A Few Reminders Before the End of Term 1

Term One finishes on Friday 13 April and we have a few events and activities in the last week of school. Please return any excursion permission notes by Friday 6 April.

Interm Swimming Term 2

Swimming notes went home last week and your swift return of the notes is greatly appreciated so the swimming coordinators can organise lessons that start in week two, Term 2.

Students in P-6 will travel by bus to Margaret River Aquatic Centre twice a week on Tuesdays and Thursday for a total of ten lessons. The ten lessons are free and the school subsidises the pool entry and bus transport to a cost of \$40 per child.

Interschool Sports—Two Day Event

Permission excursion notes also went home last week for the Interschool Sports. Day One will be held on Tuesday 10 April (10am-12:45pm) at Augusta Primary and later at the Augusta Oval. Only children selected to participate in Day One will be attending this event and travel on the bus as a team to Augusta.

Day Two is on Thursday 12 April

(10am-1.30pm) at St Thomas More Primary School in Margaret River.

All children years 1-6 will travel by bus to Margaret River either as a participant or as spectator.

To help us organise these events, please return your child's note/s for these excursions **by Friday 6 April**. Be sure to indicate the mode of transport your child/ren will be taking to and from this event as requested on day two. Thank you!

School ANZAC Service—Friday 13 April, 9am Undercover Area

Farewell To A Fine Fellow and Friend

Our school community was deeply saddened by the recent loss of our friend Ray Flintoff.

Ray, his wife Louise, and their children

Ruby and Charlie have had a long association with the school.

Ray has been a contributing parent for many years and work colleague as relief gardener. Ray's contribution to our school and grounds will be remembered.

L-R Ray Flintoff establishing the school orchard with students Cameron, Jaxon, Caschlin, Elise, Danielle and Claudia in 2014.

Encourage The Behaviours You Want In Your Child

"Children blossom when they are praised for things they have done well."

It's easy to say positive things to children, and it helps them learn. Give descriptive praise when your children do well.

Some phrases you may wish to try with your child include:

- "Thank you for putting your toys away."
- "You did well."
- "What a helpful boy-thanks for drying the dishes."
- "I felt so proud of you sharing your toys with Ben."
- "Wow! What a tidy room!"

What is Consideration?

Consideration is having regard for other people and their feelings. It is thinking about how your actions will affect them and caring about how they will feel. Consideration is thoughtfulness. - Stop and think about how your actions will affect others.
- Put yourself in other people's shoes.
- Give tender attention.
- Think of little things which bring others happiness.

You are considerate of others when you stop and think about how your actions affect them. Have you been considerate today?
